Subject: Expansion of Salem Cement Grinding Unit from 1.0 MTPA to 2.0 MTPA and 7 MW DG set of **M/s Madras Cements Limited** in SF Nos. 121, 123 and 124 Parts, etc in Village Singhipuram, Taluk Valapadi, District Salem in Tamil Nadu – **Amendment in Environmental Clearance no. J-11011/516/2011 - IA II (I) dated 16.8.2012 - regarding.**

Sir,

This is with reference to this Ministry's grant of environmental clearance no. J-11011/516/2011 - IA II (I) dated 16.8.2012 and your letter dated 26.12.2012 seeking an amendment in the environmental clearance (EC) letter for inclusion of 7 MW DG set in the aforesaid EC letter.

2. The proposal referred above was placed before the Reconstituted Expert Appraisal Committee (Industry) in its 7th meeting held during 4-5th April, 2013. It was noted that the installation of 7 MW DG set as a standby power was already mentioned in the EIA report as well as in the presentation made before the EAC in its 34th meeting held during 29-30th March, 2012. However, in the EC granted by the Ministry the 7 MW D.G. set was not included. Further, the Committee noted that Tamil Nadu Pollution Control Board have informed the proponent that they will be able to grant CTE only for expansion of cement grinding unit without the standby DG Set of 7MW capacity as there is no mention of 7MW DG set in the EC granted by the Ministry.

4. The Ministry accepts the recommendation of the REAC (Industry) and amends the environmental clearance dated 16.8.2012 for installation of a 7MW DG Set in the EC letter dated 16.08.2012. The subject matter mentioned in the environmental clearance letter of even no. dated 16.8.2012 stands deleted and it may be read as "*Expansion of Salem Cement Grinding Unit from 1.0 MTPA to 2.0 MTPA and 7 MW DG set in SF Nos. 121, 123 and 124 Parts, etc in Village Singhipuram, Taluk Valapadi, District Salem in Tamil Nadu by M/s Madras Cements Limited*".

5. All other conditions stipulated in the environmental clearance even no. dated 16.8.2012 shall remain the same.

6. In case, there is a change in the scope of the project, fresh environmental clearance shall be obtained.

This issues with the approval of the Competent Authority.

(Dr. T. Chandini)
